EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Terrence on 1/17/2002.

The application has been amended as follows:

Please cancel claims 9 and 38.

1. The following is an examiner's statement of reasons for allowance: claims 6-7, and 35-37 are allowed.

Prior art of record fail to disclose a specific arrangement of a power generation system comprising: a stator core frame support member having a lower inner surface portion and a lower outer surface portion, the lower outer surface portion positioned to contact a support surface; a generator stator core including a plurality of longitudinally extending keypads spaced-apart along outer peripheral portions of the generator stator core, the generator stator core positioned to overlie the lower inner surface portion of the stator core frame support member and further having a lower end portion positioned spaced-apart from and not in contact with bottom portions of the lower inner surface portion of the frame support member; and a core supporter connected to the stator core frame support member and positioned to contact the plurality of keypads along outer side peripheries of generator stator core, the core supporter having first and second core connecting means for connecting the stator core frame support member to the generator stator
